

Join us for our one-year anniversary/birthday starting March 25th. Our month-long Walk for Hope serves to not only celebrate our milestone and raise funds to support our programs, but also to support small businesses around town.

This 30-Day Walk for Hope will take place March 25th - April 23rd. Participants will visit small businesses in their areas and explore other neighborhoods in San Diego County with maps and lists of unique boutiques and restaurants to help plan the perfect Walk for Hope day.

You will have a chance to earn points and win prizes. While making a purchase is not required to earn Opportunity Drawing entries, Anvil of Hope strongly encourages participants to support the small businesses who have been greatly impacted by the pandemic and recession - your purchases help keep small businesses alive!
